

DPS INTERNATIONAL SCHOOL

July'25

Newsletter

This month, we marked a special milestone — 100 Days of School! It was a joyful celebration of the learning journey our students have embarked upon since the start of the academic year.

Welcoming July with Fresh Beginnings!

The month of July marked a vibrant return as our students stepped back into school after a refreshing one-month summer break. It was heartwarming to see their cheerful faces, filled with enthusiasm and eagerness to reconnect with friends, teachers, and classroom routines.

Classrooms are once again buzzing with curiosity, laughter, and creativity. From engaging lessons to interactive activities, our students are back in action and already creating beautiful memories.

We look forward to sharing glimpses of their journey as the new term unfolds!

SCIENCE WEEK

14 10 18 JULY '25

Science Week at DPSIS was a fantastic celebration of exploration and discovery! Students across grades participated in hands-on experiments, interactive demonstrations, and exciting science challenges.

It was a week full of "aha!" moments — where learning truly came alive!

100 DAYS SMARTER

11 JULY '25

We proudly celebrated 100 days of school with the joyful theme "100 Days Smarter"—a day to reflect on how much our students have learned, grown, and achieved in just over three months of school!

As part of the celebration, children wrote about the valuable lessons they've learned during these 100 days—not just in academics, but in life.

CELEBRATING UNITY IN DIVERSITY

21 JULY'25

DPSIS came alive with colours, culture, and celebration on Racial Harmony Day! Students dressed in traditional attire, participated in a special assembly, and performed a skit and dance that highlighted the importance of respect, inclusion, and togetherness. It was a beautiful reminder that our differences make us stronger and that harmony begins with understanding and kindness.

28 JULY'25

EYP SHOW & TELL: CELEBRATING OUR EVERYDAY HEROES!

Our adorable EYP stars turned into real-life heroes during their Show and Tell on Community Helpers! From brave firefighters and caring doctors to hardworking chefs and helpful teachers — the little ones stole the show with their creative costumes and confident speaking

LEARNING BEYOND CLASSROOM

SUSTAINABLE SINGAPORE GALLERY

31 JULY'25

Our curious explorers stepped into the world of sustainability during their exciting excursion to the Sustainable Singapore Gallery at Marina Barrage!

From interactive exhibits to real-world water solutions, the students were fascinated by how Singapore turns challenges into eco-friendly triumphs.

They learned about NEWater, stormwater collection, and how every drop counts in building a cleaner, greener future. It wasn't just a visit—it was a spark to think big, act green, and dream of a better tomorrow! It was more than a field trip — it was an inspiration to Reuse, Reduce, Recycle and become mindful guardians of our planet!

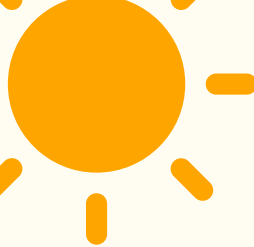

FAIRPRICE

Our EYP students enjoyed a fun and meaningful trip to FairPrice, where they learned to make healthier food choices. With guidance from teachers, they explored aisles, identified fruits and vegetables, and even read food labels! It was a hands-on experience that helped them connect healthy habits with real-life shopping in the most exciting way!

18TH JULY'25

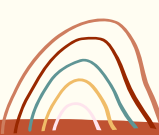

INTERNATIONAL FRIENDSHIP DAY

Whole school came together to celebrate International Friendship Day. Students shared what friendship means to them in one word — from “trust” and “kindness” to “fun” and “support.”

They also created a beautiful Friendship Tree using colorful handprints, each one symbolizing unity and love. To add to the joy, children exchanged friendship bands, spreading happiness and appreciation for one another.

30 JULY'25

GET READY FOR WHAT'S NEXT!

- Elections to decide: Who will be first head boy and head girl.
- Celebration of Singapore National day
- Recitation competition
- Indian independence day
- A Day at the Main Campus – Learning Beyond Classrooms
- Excursion for EYP to Year 3
- Kids to explore play area at level 22
 - Pickleball
 - Indoor basketball
 - Indoor futsal
 - Many more...
