

January Highlights

After the December holidays, students returned to a vibrant and enriching start to the new term. The month began with Literary Week, featuring engaging activities such as the Spell Bee, Word challenges, an immersive Escape Room, and a well-curated literary exhibition. As part of the celebrations, Class 11 AS presented a thoughtful assembly centred on the values of kindness, imagination, care, and humanity, encouraging students to reflect on the deeper purpose of literature and empathy.

Students also attended a WWF assembly on ocean conservation, which helped them understand the importance of protecting marine ecosystems and the role young people can play in sustaining them.

Later in the month, the school marked Republic Day with an assembly led by Class 12 AL, highlighting the significance of the Indian Constitution. The ceremony included the flag unfurling and a dignified rendition of **Vande Mataram**, fostering a sense of unity and national pride.

Following the Republic Day celebrations, students participated in a meaningful beach cleaning activity at Marine Cove, conducted in collaboration with WWF. This hands-on initiative allowed them to contribute directly to environmental conservation and reflect on their responsibility toward natural spaces.

January proved to be a month filled with learning, reflection, and purposeful engagement, setting a positive tone for the year ahead.

Achievements

The students of 11 AS emphasised the importance of treating others with compassion, nurturing creative thinking, and recognising our shared responsibility toward one another. Their message served as a meaningful reminder that these values shape not only our school community but also the world we aspire to build.

Literary Week Assembly

Our dedicated group of students who gently guide the school in mindfulness assemblies, helping their peers cultivate calm, balance, and inner awareness through yoga :

Mathangi Gowrisankar, Pratheesa Prapthi, Soumya Balla from Grade 11 ISC and Avneet Kaur (not in picture), 12 ISC

The Republic Day assembly presented by our Grade 12 AL students offered a thoughtful and engaging exploration of the Indian Constitution. Their presentation helped our Indian students in Singapore deepen their understanding of the values, rights, and responsibilities that shape India's democratic identity.

Republic Day Assembly

A tradition we cherish - the DPSIS Choir once again mesmerised the audience at HCI's Republic Day event.

Goodwill Football Match with Indian Navy cadets

We were privileged to welcome the Indian Navy cadets for a Goodwill Football Match that brought discipline, energy, and camaraderie to our campus. A commanding 6-2 finish, along with our coach joining the players on the field, showcased true teamwork, mentorship, and joy in sport. With certificates presented and a traditional welcome led by Shanaya, our star cricketer, the day became a reminder that at DPSIS, sport is about connection, inspiration, and unforgettable memories.

WWF Assembly

The WWF Assembly on Ocean Conservation at our school highlighted the importance of protecting our oceans and the incredible biodiversity they hold. Through engaging presentations and activities, the assembly encouraged everyone to think deeply about sustainability and responsible living. It reminded us that safeguarding our oceans is not just a global responsibility but a personal one. The session left our students inspired to become young ambassadors for a cleaner, healthier planet.

GLIMPSES

Literary Week Activities

Junior Sports Day

Our senior secondary students made a significant contribution to Sports Day by mentoring their juniors and managing various events with confidence and maturity. The experience also offered them valuable learning in leadership, teamwork, and real-time problem-solving.

Beach Cleaning

WWF-Singapore recently partnered with DPS International School and Stridy to organize a beach cleaning initiative at Marine Cove, East Coast Park. Students collected around 11 kilograms of litter from the beach and nearby urban areas such as car parks and playgrounds. The participants learned about Singapore's growing waste challenge and the importance of individual responsibility in keeping public spaces clean, reinforcing WWF's mission to promote sustainability and protect marine ecosystems.

Excursions

An excursion to the NTUC Carbon Gallery offered a hands-on journey into sustainability and climate awareness. As Asia's first carbon-focused experiential hub, the gallery uses interactive exhibits, games, and digital tools to show how everyday choices from groceries to air-conditioning affect carbon emissions. Students explored immersive zones that made complex ideas about carbon literacy simple and engaging, while also highlighting the importance of collective action in working toward Singapore's carbon-neutral 2050 goal.

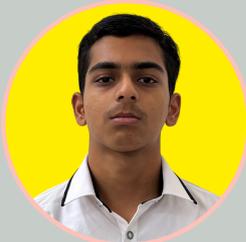

Achievements

DPS International School is thrilled to celebrate our students emerging as Silver Award winners from a huge pool of 620 participants across 56 schools in the fast-paced, team-based Singapore Informatics League (SIL) 2025, organized by CeNCE (NUS)! Held on 29 November 2025, this highly challenging contest tested competitive programming skills under intense time pressure, showcasing exceptional talent on a grand scale.

Heartiest Congratulations to our Stellar Team:

**ARJUN SHANKAR,
GRADE 12 ISC**

**DARSHAN SAI PRASANNA,
GRADE 12 ISC**

**SAI HARITH VOURIGANTI,
GRADE 12 ISC**

**SIDDHARTH SURIYAN,
GRADE 11 ISC**

**KANNAN MURUGAPANDIAN,
GRADE 11 ISC**
