• GRADE 6 TO 8

Building Strong Minds, Positive Habits

The first Mindfulness and Discipline Assembly of this session was held on Monday, 3 August 2026, for students from Grades 6 to 12 in the Multi-Purpose Hall. Led by our PE teacher, Mr. Julius, the inspiring session encouraged students to reflect on the power of mindfulness, self-discipline, and making responsible choices in their daily lives. Through engaging discussions and relatable real-life examples, Mr. Julius highlighted the importance of self-awareness, resilience, respect, and personal responsibility. Students were encouraged to develop positive habits that not only strengthen character but also contribute to success in the classroom and beyond.

The assembly witnessed enthusiastic participation, with students listening attentively and responding thoughtfully throughout the session. Their keen interest and active engagement reflected a genuine commitment to personal growth and positive behaviour.

As the first in a series of such initiatives, the assembly set an uplifting tone for the term, reinforcing our school's commitment to nurturing confident, disciplined, and mindful individuals who are equipped to thrive both academically and personally.

Student Spotlight Young Author Among Us *Celebrating a Remarkable Achievement*

We are delighted to celebrate the wonderful achievement of Swati Sunil, Grade 7 Galileo, who has achieved an exciting milestone with the publication of her book, *Secret in My Book*.

Becoming a published author at such a young age is an extraordinary accomplishment. Swati's achievement reflects her creativity, imagination, perseverance and courage to turn an idea into reality.

Through *THE SECRET IN MY BOOK*, Swati has demonstrated that young minds can dream big and transform their thoughts and stories into a published work.

Her journey is an inspiration to every young reader and writer in our school. It reminds us that age is no barrier to dreaming big and that every student has a unique voice and story waiting to be shared.

Congratulations Swati on this wonderful achievement and wish you many more adventures in the world of writing.

Vande Mataram – 150 years of a Timeless Tribute

Patriotism filled the air as teachers and students came together for a heartfelt rendition of “Vande Mataram”, celebrating 150 years of this iconic song. Their powerful and harmonious voices created a moving atmosphere of pride, unity and love for the nation. The performance beautifully brought together the enthusiasm of our students and the dedication of our teachers, making the occasion truly memorable.

More than a song, “Vande Mataram” became a celebration of togetherness and a reminder of the values that unite us.

One school, many voices, one proud spirit—Vande Mataram!

Celebrating Young Visionaries of Viksit Bharat 2047

A proud moment for our school as Nithya Velidi of Year 7A Newton and Shreyanvi Dey of Grade 6C Oceania had their artworks selected for the “Viksit Bharat 2047” Painting Competition, organised on the occasion of Indian Independence Day by the High Commission of India in Singapore, in collaboration with our school.

The competition invited students to imagine India in 2047 – a nation that is developed, progressive, sustainable and future-ready. Our young artists rose beautifully to the challenge, presenting thoughtful and imaginative interpretations of the theme.

Nithya’s artwork offered a vibrant vision of an India powered by artificial intelligence, digital connectivity, renewable energy, modern transport, healthcare and sustainable infrastructure. Her use of the tricolour, along with people from different generations, gave the painting a strong sense of national pride and inclusive progress.

Shreyanvi’s artwork created an inspiring bridge between India’s rich heritage and its exciting future. Traditional architecture and the Statue of Unity were brought together with high-speed rail, modern ports, renewable energy, drones, space technology and futuristic cities, creating a striking picture of progress rooted in identity and culture.

Both artworks stood out for their creativity, originality, technical skill and powerful visual storytelling. More importantly, they reflected the confidence and imagination of young minds who are already thinking deeply about the India of tomorrow.

Heartiest congratulations to Nithya and Shreyanvi for this wonderful achievement and for making the school proud with their inspiring vision of Viksit Bharat 2047!

Celebrating Our SOF Winners!

We are delighted to celebrate the outstanding achievement of our students who have excelled in the Science Olympiad Foundation (SOF) 2nd Level examinations. Our young achievers have made us immensely proud with impressive international and zonal ranking across Science, Mathematics and Hindi Olympiads. Their success is a testament to their dedication, perseverance, curiosity and passion for learning. Competing at the second level is a remarkable accomplishment and reflects their commitment to going beyond the classroom and challenging themselves academically. We extend our heartfelt congratulations to all our winners and appreciate the continuous encouragement and support provided by their parents and teachers. Keep aiming high, keep learning, and continue to make our school proud!

WINNERS' LIST ::

1. SHREE MALLIKARJUN CHOUGULE achieved International Rank 1 and Zonal Rank 1 in SOF National Science Olympiad in International zone.
2. SAMARTH MALLIKARJUN CHOUGULE achieved International Rank 2 and Zonal Rank 2 in SOF National Science Olympiad in International zone.
3. SHRIKAVIN KANMANI RAMPRASATH achieved International Rank 18 and Zonal Rank 2 in SOF National Science Olympiad in International zone.
4. ANIRUDDHA BOSE achieved International Rank 13 and Zonal Rank 1 in SOF National Science Olympiad and International Rank 14 and Zonal Rank 1 in SOF International Mathematics Olympiad.
5. WAMAN AHILYA KISHOR achieved International Rank 419 and Zonal Rank 10 in SOF International Hindi Olympiad in International Zone.
6. SHARVESSA PRADEEP KUMAR achieved International Rank 199 and Zonal Rank 7 in SOF International Mathematics Olympiad in International Zone.
7. AKSHAT MODANI achieved International Rank 217 and Zonal Rank 8 in SOF International Mathematics Olympiad in International Zone.

Congratulations to all achievers!

A RESPLENDENT TRIBUTE TO INDIA AT THE HIGH COMMISSION

DPS International School had the distinguished honour of presenting a captivating cultural performance at the Indian High Commission as part of the Independence Day commemorations on August 15th 2026. The presentation, titled "Bharat Ye Rehna Chahiye" was a vibrant homage to India's freedom, unity and enduring cultural legacy.

The performance brought together the classical elegance of Kathak and Bharatanatyam, choreographed with finesse by Ms. Surbhi Ruhela. The dancers' poised movements, expressive gestures and rhythmic precision transformed the stage into a powerful visual celebration of India's artistic heritage. Complementing the choreography was a specially recorded vocal track rendered by Mr. Anand, Ms. Payel B., Ms. Shriya, Ms. Rashmi, Hifza, Adyanika, Nand, Aditi and Rudransh, making the presentation a remarkable collaboration between teachers and students.

The ensemble of eleven student dancers performed with admirable grace, confidence and synchronisation, creating an evocative portrayal of patriotism and cultural pride. Guided by Ms. Surbhi Ruhela and Mr. Anand Dhamelia, the performance stood out as a refined and memorable tribute to the spirit of Independence Day.

MathNova 2K2

Where Numbers Came Alive!

DPS International School celebrated Math Week from 17-21 August 2026 with the exciting theme “MathNova 2K26.” Throughout the week, students explored mathematics beyond the textbook through lively puzzles, games, challenges, team activities and creative problem-solving tasks.

The activities encouraged students to think creatively, reason logically, spot patterns and work together, while discovering how mathematics connects with everyday life. Students enjoyed a variety of engaging activities, including **Math Musical Chairs**, the **Find the Error** activity, an exciting **Scavenger Hunt** and **Math soccer game** along with brain games, treasure hunts, hands-on challenges and team-based puzzles. These activities transformed mathematical concepts into fun and memorable learning experiences.

The week was a joyful celebration of curiosity and discovery, proving that Math is not just a subject - it is a way of thinking!

Sparking ideas,Creating possibilities***

Junior Inter-House Music Competition: Creativity Takes Centre Stage!

The Junior Inter-House Competition for Grades 4 to 7 was a vibrant celebration of talent, imagination and expression, with students enthusiastically representing their Houses across three exciting categories.

The Solo performances explored the theme “Courage,” while the Duet category brought the magic of cinema alive through “Movie Magic.” The Group presentations centred on the thoughtful theme “A Letter to Your Future Self,” giving students a wonderful opportunity to combine creativity, confidence and teamwork.

The competition was filled with energy, originality and enthusiastic House spirit. Every performance reflected the effort and dedication of our young participants, making the event both entertaining and memorable.

At the end of the competition, Lake House emerged victorious, followed by Glacier House in second place, Spring House in third and Oasis House in fourth.

Congratulations to all our young performers for stepping onto the stage with confidence, creativity and enthusiasm, and for making the Junior Inter-House Competition a truly joyful celebration of talent!
